## Education

<b>SunderDeep Engineering College</b>	2021-2025
Computer Science And Engineering	SGPA 7.85
<b>SBN Public School (Intermediate)</b>	2020
CBSE	Percentage: 73
<b>SBN Public School (High School)</b>	2018
CBSE	Percentage: 75.2

## Internship

### Web development | Oasis Infobyte

- Developed web applications including an **Arithmetic calculator**, **Temperature converter**, and personal **Portfolio** website using HTML, CSS, and JavaScript during internship at **Oasis Infobyte**.
- Demonstrated proficiency in front-end web development, implementing responsive designs and interactive features to enhance user experience.
- Collaborated with team members to iterate on project requirements, ensuring timely delivery of high-quality solutions.
- Leveraged **JavaScript** to create dynamic functionality, enhancing the usability and interactivity of web applications. [Link](#)

## Projects

### Tak-Tok | Real-time messaging web application

- Developed a MERN stack real-time messaging web application akin to WhatsApp
- I am using **Node.js**, **Express.js**, **MongoDB**, **React.js**, and **Socket.IO** . Designed and implemented features for sending and receiving messages seamlessly
- Utilized **WebSocket** technology to enable instant message delivery and real-time updates across the platform.
- Employed **React.js** for dynamic front-end rendering, ensuring a responsive and intuitive user interface
- Managed data persistence and retrieval using **MongoDB**, ensuring efficient storage and retrieval of messages. [Link](#)

### Blogfy | Blog website

- Developed a dynamic blog website allowing users to publish and view blogs.
- Leveraging **Node.js**, **Express.js**, and **MongoDB** for backend functionality.
- Implemented user authentication to ensure secure access and personalized blogging experience.
- Employed **EJS** for server-side rendering, facilitating efficient generation of dynamic HTML content.
- Utilized MongoDB for robust data storage and retrieval, ensuring scalability and performance of the blogging platform. [Link](#)

## Technical Skills

**Languages:** Java, HTML/CSS, JavaScript

**Technologies/Frameworks:** GitHub, Bootstrap, React js, Node.js, Express.js, Tailwind CSS, MERN, MongoDB

## Certificates

- Web development by [Oasis Infobyte](#)
- Web development by [Bharat Intern](#)
